REGULATIONS

REGULATIONS MADE IN TERMS OF

Allied Health Professions Act 7 of 2004

section 55

Regulations relating to Scope of Practice of a Naturopath

Government Notice 90 of 2014

(GG 5503)

came into force on date of publication: 9 July 2014

The Government Notice which publishes these regulations notes that they were made on the recommendation of the Allied Health Professions Council of Namibia.

ARRANGEMENT OF REGULATIONS

1. Definitions
 2. Scope of practice of a Naturopath
[The term “naturopath” is not capitalised elsewhere in the regulations.]
 3. Treatment, apparatus and processes
 4. Substances which a naturopath may use
 5. Manufacturing, preparing, storing or displaying of remedies or substances
 6. Assessment and evaluation of a patient’s condition and his or her treatment
-

Definitions

1. In these regulations, unless the context otherwise indicates, a word or expression defined in the Act has that meaning, and -

“complementary medicine” means complementary medicine as defined in the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003);

“compounding” means the combining or mixing of substances or complementary medicine;

REGULATIONS
Allied Health Professions Act 7 of 2004

Regulations relating to scope of practice of a naturopath

“dispense”, in relation to a complementary medicine, means to select, prepare, compound, count out or measure from a bulk supply, dissolve, supply the complementary medicine in an appropriate container and label the container, and provide information and instructions to ensure the safe and effective use of the complementary medicine, but does not include the actual administration of the complementary medicine;

“massage” means the mobilisation of soft tissue;

“medicine” means medicine as defined in the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003);

“scheduled substance” means a scheduled substance as defined in the Medicines and Related Substances Control Act, 2003 (Act No. 13 of 2003);

“substance” means anything which, whether alone or in combination in either its original or natural state or in a compounded, manipulated or prepared form, can be used for the treatment of a disease;

“Naturopathy” means a system of healing, treating diseases and promoting health in which neither surgical nor medical agents are used, but which is based on the use of -

- (a) non-toxic natural substances, other than medicines; and
- (b) the human body’s inherent biological healing mechanisms to self-heal, for the treatment of a disease; and

“the Act” means the Allied Health Professions Act, 2004 (Act No. 7 of 2004).

Scope of practice of a Naturopath

[The term “naturopath” is not capitalised elsewhere in the regulations.]

- 2. (1) A naturopath, in the conducting of his or her practice, may -
 - (a) physically examine any person for the purpose of diagnosing any physical defect, illness or deficiency in that person;
 - (b) prescribe or dispense complementary medicine to a person referred to in paragraph (a);
 - (c) treat or prevent of any physical defect, illness or deficiency in any person by means of -
 - (i) light therapy;
 - (ii) hydrotherapy;
 - (iii) thermal therapy;
 - (iv) acupressure therapy;
 - (v) acupuncture, but only if also registered as an acupuncturist;

REGULATIONS
Allied Health Professions Act 7 of 2004
Regulations relating to scope of practice of a naturopath
